► Application Eligibility

a) Academic Entry Requirements:

- Applicants will need to have completed a standard 12-year school education, or an education corresponding to that (equivalent to Japanese senior high school, the International Baccalaureate, Diploma, Abitur, Baccalaureate Diploma, or GCE A level). For more details, please download the Application Guidelines from the official KUAS website.
- Applicants must have a comprehensive understanding of a majority of the following mathematics and physics-related fields, equivalent to a high-school/upper secondary school.

Mathematics	Algebra, Geometry, Pre-calculus, Statistics
Physics	Force and Motion, Waves, Electricity and Magnetism, Atoms

b) English Language Requirements:

Applicants must meet the minimum scores stated in the table below. At KUAS' Faculty of Engineering, English is the language of instruction. KUAS does not offer an English as a Second Language (ESL) program. Therefore, all applicants must prove that they can thrive in an English academic environment before enrollment. KUAS accepts the following English proficiency test scores.

Test	TOEFL	IELTS	PTE	Duolingo English Test
Minimum Score	Internet-based (iBT): 80	Academic overall band score: 6.0	Academic: 50	105

* KUAS also accepts TOEFL iBT Special Home Edition and IELTS Indicator.

► Required Documents

- Photograph
- Application essay (300–350 words)
- Official academic transcript(s) (in English) for the last two years
- Certificates of (expected) graduation (in English)
- Standardized test results (in English)
- Evidence of English language proficiency (TOEFL iBT/IELTS/PTE/Duolingo)
- Two letters of recommendation
- Passport copy or Photo ID copy
- Residence card copy (only for the applicants who have valid Japanese resident status)

► Scholarships

KUAS offers two types of scholarships. Applicants who wish to receive a scholarship must indicate so in their application to KUAS. As a rule, scholarships are provided to students who perform exceptionally well in their academic field. While at KUAS, scholarship recipients will undergo a performance review each semester. Students who fail to meet the basic requirements will be withdrawn from the scholarship program.

Kyoto University of Advanced Science (KUAS) is an accredited four-year private university founded in 1969, located on two campuses in Kyoto city and Kameoka city.

In April of 2020, KUAS established the Faculty of Engineering, where students can learn about state of the art technologies through a practical study program that utilizes brand-new, cutting-edge facilities.

KUAS' Faculty of Engineering provides a trailblazing engineering program taught entirely in English and specializing in 13 fields — Mechanics, Materials, Energy, Design & Production, Robotics, Ionics, Control, Instrumentation, Devices, Communication, Actuators, Electromagnetics, Circuits.

Kyoto is home to many world-leading tech companies. Graduates can expect to acquire the wide range of knowledge and practical skills that will enable them to become street-smart global engineers in their field.
